

## Craft Technical Institute

*"Training a strong workforce for  
building our future"*

**FOR IMMEDIATE RELEASE:**

Craft Technical Institute is now accepting enrollment applications for the six (6) month welding to work program

Craft Technical Institute (CTI) is the only NYSED licensed construction trade school in Western New York. Located in Buffalo, NY, Craft Technical Institute is now officially open and accepting applications for the *certified intensive welding to work program*; classes start June 5, 2019. The welding program at Craft Technical Institute is available with morning (8:30am - 1:45pm), afternoon (1:00pm-6:15pm) and/or evening classes (5:00pm-10:15pm). Curricula for the welding program was developed by a collaboration of NYS licensed instructors and construction companies. Utilizing integrative classroom instruction graduates are prepared to seamlessly engage in the work environment.

Craft Technical Institute located at 243 Manhattan St., is housed in a 7,000 sq. foot facility with a 20-station welding lab to accommodate SMAW, GMAW GTAW and FCAW welding processes. The facility is situated at street level and is handicap accessible.

Craft Technical Institute (CTI) is committed to answering the workforce needs of the construction industry by providing well trained craft persons for the workforce.

General information about Craft Technical Institute, (CTI) can be obtained at the company's corporate website at [www.trainatcti.com](http://www.trainatcti.com)

Please give us a call at 716-464-3642 to make an appointment if you would like to tour the facilities at Craft Technical Institute.
